(U 933-E)

Public Utilities Commission of the State of California
Energy Division
505 Van Ness Avenue

Attention: Energy Division, 4th Floor

Subject: Adoption of CalPECo Tariff Pursuant to D.10-10-017

Purpose

California Pacific Electric Company (“CalPECo”) hereby submits this **Tier 1** advice letter to transfer and adopt the existing California retail tariffs of Sierra Pacific Power Company (“Sierra”), to be effective upon the closing of the transfer approved by the Commission in D.10-10-17. Based upon an expected closing date of January 1, 2011, CalPECo requests that the tariffs become **effective January 1, 2011.**

Background

By Decision 10-10-017, the Commission approved the California portion of Sierra’s utility operations to CalPECo. Ordering Paragraph No. 6 requires CalPECo to submit tariffs at least 15 days prior to the closing of the transaction, to become effective upon closing. Accordingly, CalPECo hereby submits this tariff book by transferring and adopting Sierra’s existing California tariffs. The tariff book is full and complete apart from one form, Form No. 98-1701 – Bill for Service. CalPECo will supplement this filing once the Bill for Service is available. Consistent with General Order 96-B, CalPECo has indicated on the sheets the text and rate changes associated with the transfer as approved by the Commission. A comparison document showing the changes between Sierra’s existing California tariffs and CalPECo’s tariff book is available upon request. Any requests should be sent via email to:
