

NOTICE OF PUBLIC HEARINGS

ON THE 2025 MOJAVE REGIONAL URBAN WATER MANAGEMENT PLAN

NOTICE IS HEREBY GIVEN that the Mojave Water Agency (MWA) and the ten urban water suppliers participating in the 2025 Mojave Regional Urban Water Management Plan (2025 RUWMP), as listed in **Table 1**, will hold public hearings to receive comments on the proposed 2025 RUWMP, including each participating agency’s specific chapter contained within the 2025 RUWMP and each agency’s Water Shortage Contingency Plan (WSCP).

The 2025 RUWMP is a regional planning document prepared collaboratively by MWA and participating urban water suppliers within the Mojave Region in accordance with the California Urban Water Management Planning Act.

The 2025 RUWMP includes:

- Regional chapters addressing Region-wide water supplies, water demands, and water service reliability;
- A chapter addressing MWA’s role as the Region’s wholesale water supplier, including its water supply and management responsibilities; and
- Retailer-specific chapters for each participating urban water supplier.

Each retailer-specific chapter addresses conditions within the respective agency’s service area, including water service and system description, population and land use, water supply and infrastructure, water use characterization, water conservation and shortage response, and water system reliability. Each participating agency’s WSCP describes the actions that may be implemented to respond to water shortage conditions and maintain water service reliability within its service area.

The urban water suppliers participating in the 2025 RUWMP, along with their respective public hearing dates and proposed dates to consider adoption, are presented in **Table 1**.
