Percentage of Retail Sales Covered by Retired Unbundled RECs³:			5%	
<p>¹The eligible renewable percentage above does not reflect RPS compliance, which is determined using a different methodology.</p> <p>²Unspecified power is electricity that has been purchased through open market transactions and is not traceable to a specific generation source.</p> <p>³Renewable energy credits (RECs) are tracking instruments issued for renewable generation. Unbundled renewable energy credits (RECs) represent renewable generation that was not delivered to serve retail sales. Unbundled RECs are not reflected in the power mix or GHG emissions intensities above.</p>

Prop. 65 Warning

Liberty uses natural gas and petroleum products, solvents and other chemicals in our operations. We also use wooden utility poles treated with wood preservatives. Petroleum products and their combustion by-products, wood preservatives and other chemicals used in our operations contain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm. Please avoid contact with wooden utility poles. More safety information can be found at: <http://oag.ca.gov/prop65/chemicals>
