**Summary**

This request is made pursuant to Ordering Paragraph No. 7 of D.20-09-019, dated October 2, 2020. The purpose of this advice letter is to recover the difference between the interim rates established by Advice Letter 236-W, effective July 1, 2019, and the final rates authorized by Advice Letters 245-W and 246-W, effective November 20, 2020, in compliance with D.20-09-019.

**Background and Discussion**

**Test Year 2019 Cost of Capital Proceeding**

On May 1, 2018, Liberty Apple Valley and Liberty Utilities (Park Water) Corp. (“Liberty Park Water”) jointly filed A.18-05-001 et al requesting an authorized cost of capital for years 2019 to 2021 pursuant to the rate case plan for Class A water utilities. On December 20, 2018, the Commission issued D.18-12-002 in A.18-05-001 et al and related matters. This decision adopted the Settlement Agreement between Liberty Apple Valley, Liberty Park Water (along with San Gabriel Valley Water Company, Suburban Water Systems, Great Oaks Water Company) and the Public Advocates Office (“Cal Advocates”). The Settlement Agreement provides a rate of return of 7.35% for Liberty Apple Valley for years 2019 to 2021. Advice Letter 236, effective July 1, 2019, implemented rate changes to reflect the authorized cost of capital and established the Interim Rates Memorandum Account.

### **Test Year 2019 General Rate Case (“GRC”) Proceeding**

On January 2, 2018, Liberty Apple Valley filed a GRC application with a Test Year effective date of July 1, 2019. Liberty Park Water similarly filed a GRC application (A. 18-01-003). On February 13, 2018, Liberty Apple Valley and Liberty Park Water filed a motion to consolidate these proceedings. On March 16, 2018, the assigned Administrative Law Judge (“ALJ”) issued a ruling granting the motion to consolidate these proceedings. On June 13, 2018, the assigned Commissioner issued a Scoping Memo and Ruling that authorized a 20-month deadline of September 2, 2019 to resolve the consolidated proceeding. Public participation hearings were held on October 28, 2018. Evidentiary hearings were held during the week of November 5, 2018. Liberty Apple Valley filed its opening and reply briefs on December 12, 2018 and January 11, 2019 respectively. Liberty Apple Valley and the Public Advocates Office (previously known as the Office of Ratepayer Advocates) filed the Joint Comparison Exhibit on January 25, 2019. On March 19, 2019, the ALJ granted interim rate relief and the establishment of a memorandum account to track the difference between interim rates and the final approved rates. On August 15, 2019, the Commission issued D.19-08-036 extending the statutory deadline from September 2, 2019 to March 2, 2020. On February 27, 2020, the Commission issued D. 20-02-067 extending the statutory deadline from March 2, 2020 to September 2, 2020. On August 27, 2020, the Commission issued D.20-08-049 extending the statutory deadline from September 2, 2020 to October 10, 2020. On October 2, 2020, the Commission issued D.20-09-019 authorizing 2019 revenue requirements for Liberty Apple Valley and Liberty Park Water.

### **Revenue Adjustment Mechanism (“WRAM”) and the Modified Cost Balancing Account (“MCBA”)**

In D.08-02-036, dated September 18, 2008, the Commission adopted the Settlement Agreement between Liberty Apple Valley (then Apple Valley Ranchos Water Company) and the Public Advocates Office (then Division of Ratepayer Advocates) dated June 20, 2008 in proceeding A.08-01-002. D.08-09-026 adopted a program for Liberty Apple Valley consisting of a conservation rate design and related mechanisms for decoupling sales and revenue (WRAM and MCBA). The WRAM and MCBA were effective January 1, 2009, the effective date of D.08-09-026. In D.12-04-048 the Commission modified D.08-09-026 by, among other things, imposing a March 31<sup>st</sup> deadline to file the advice letter to request for the annual amortization of the prior year net WRAM and MCBA.

The purpose of the WRAM is to track the difference between adopted and actual commodity rate revenue excluding revenue for fire service, miscellaneous fees, and gravity irrigation water service. The purpose of the MCBA is to track the difference between adopted and actual costs for the following variable costs: purchased power, leased water rights, replenishment assessments (pump tax), and chemicals.

Due to the delay of the issuance of a final decision in Liberty Apple Valley’s GRC proceeding (D.20-09-019), the Commission granted Liberty Apple Valley an extension of time to file the advice letter to amortize the net balance recorded in its 2019 WRAM and MCBA.

On November 2, 2020, Liberty Apple Valley filed Advice Letter 247-W requesting amortization of the net balance recorded in the 2019 WRAM and MCBA and the residual balances recorded in the 2018 and prior WRAM and MCBA. On December 11, 2020, Water Division rejected Advice Letter 247-W regarding the issue of the proposed amortization of the residual balances of the 2018 and prior WRAM and MCBA. On December 31, 2020, Liberty Apple Valley filed a request for Commission Review of the Water Division's disposition rejecting Advice Letter 247-W. This request is pending before the Commission. The request for amortization of the Interim Rates Memorandum Account ("IRMA"), discussed below, excludes the WRAM component for July through December 2019 because the 2019 WRAM already includes the proposed recovery of any differences between the authorized and actual commodity revenues.

### **Interim Rates Memorandum Account ("IRMA")**

As stated above, Liberty Apple Valley filed Advice Letter 236-W requesting authorization to implement rates reflecting the authorized cost of capital in D.18-12-002, interim rates and the establishment of the IRMA pursuant to D.20-09-019. The advice letter was approved on July 23, 2019 with an effective date of July 1, 2019.

Pursuant to D.20-09-019, Liberty Apple Valley filed Advice Letters 245-W and 246-W on October 20, 2020, implementing the final rates for 2019 and 2020. Both advice letters were approved by the Commission on November 19, 2020, with an effective date of November 20, 2020.

Ordering Paragraph No. 7 of D.20.09.019 states the following:

7. Within 120 days of the issuance of this decision, Liberty Utilities (Apple Valley Ranchos Water) Corp. and Liberty Utilities (Park Water) Corp. shall submit a Tier 1 advice letter to compare the difference between interim rates and approved rates. The difference between interim rates and final rates adopted here, shall be recovered over the balance of the rate case cycle.

Liberty Apple Valley has determined the under-collection recorded in its IRMA for the period of July 1, 2019 through November 20, 2020. The total revenue shortfall is calculated using recorded bill and usage consumption for that period.

With interest through December 31, 2020, Liberty Apple Valley requests to recover a shortfall of \$401,747 and \$60,977 for the domestic and Yermo systems respectively. For the gravity irrigation system, Liberty Apple Valley requests to refund the over-collected balance of \$46,904, including interest through December 31, 2020.

For the domestic system, Liberty Apple Valley proposes a 16-month surcharge of \$0.078 per Ccf for Schedule No. 1, Residential General Metered Service, Schedule No. 3, Non-Residential General Metered Service, and Schedule No. 4, Non-Metered Fire Service. For the irrigation system, Liberty Apple Valley proposes a 16-month surcredit of \$2,931.47 per customer for Schedule No. 2, Gravity Irrigation Service. For the Yermo system, Liberty proposes a 16-month

surcharge of \$0.706 per Ccf for Schedule No. 1 YE-R, Residential General Metered Service and Schedule No. 3 YE-NR, Non-Residential General Metered Service.

The Commission Staff has been provided with workpapers showing the interest calculations. The calculations of the surcharge and surcredit are included in the workpapers.

**Tier Designation**

Pursuant to Ordering Paragraph No. 7 of D.20.09.019, this advice letter is submitted with Tier 1 designation.

**Requested Effective Date**

Pursuant to General Rule 7.3.2 of General Order 96-B, Liberty Apple Valley requests this filing become effective March 4, 2021.

**Notice and Service**

In accordance with General Order 96-B, General Rules 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on February 1, 2021 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

Customer notification of this rate increase was previously accomplished in A.18-01-002, et al. as required by Rule No. 3.2 of the Commission's Rules of Practice and Procedure. Additional public notice of this filing is not required.

**Response or Protest**

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter.
