Advice Letter 112-E (U 933-E)

California Public Utilities Commission Energy Division, Tariff Unit 505 Van Ness Avenue, 4th Floor San Francisco, CA 94102-3298

Subject: Liberty Utilities (CalPeco Electric) LLC (U-933 E) -- Revised Liberty CalPeco Tariff Reflecting CEMA Interest Applied to Average Net Balance Account.

Pursuant to the California Code, Public Utilities Code - PUC § 454.9 and the Catastrophic Events Memorandum Account (CEMA) guidelines, Liberty Utilities (CalPeco Electric) LLC (U 933-E) ("Liberty CalPeco") requests California Public Utilities Commission ("Commission") approval to revise its CEMA tariff to reflect applied interest to the average net balance in the CEMA account at a rate equal to one-twelfth the interest rate on three-month Commercial Paper for the previous month as reported in the Federal Reserve Statistical Release, H.15, or its successor publication. Accumulated interest will be included in the amount on which interest is accrued, but will be identified as a separate component of the CEMA account.

Background

In 1991, the Commission approved the Catastrophic Events Memorandum Account (CEMA). The purpose of this account is to allow utilities to recover the incremental costs incurred to repair, restore or replace facilities damaged during a disaster declared by the appropriate federal or state authorities. Consistent with other Liberty CalPeco Memorandum Accounts, the CEMA Tariff is being updated to include the interest, which was inadvertently omitted when Liberty CalPeco originally created its CEMA.

Proposed Changes

Liberty CalPeco seeks to apply interest to the average net balance in the CEMA account at a rate equal to one-twelfth the interest rate on three-month Commercial Paper for the previous month as reported in the Federal Reserve Statistical Release, H.15, or its successor publication. Accumulated interest will be included in the amount on which interest is accrued, but will be identified as a separate component of the CEMA account.

Effective Date

Liberty CalPeco requests that this Tier 2 advice filing become effective **February 18, 2019**.

Α. Catastrophic Event Memorandum Account (CEMA) (Continued)

- ii. PROCEDURE (Continued)
 - 3. The letter shall specify the date, time and location of the catastrophic event. The letter shall also state which service areas are affected, the impact on the Utility's facilities, and give an estimate of the extraordinary costs expected to be incurred.
 - 4. Entries to the CEMA shall be made at the end of each month commencing with the month in which the event occurs. The Utility shall record capital costs and expenses separately.
 - 5. The Utility shall not record any capital costs or expenses incurred prior to the start of the declared disaster or state of emergency, as identified by the appropriate authorities.
 - 6. Liberty shall apply interest to the average net balance in the CEMA account at a rate equal to one-twelfth the interest rate on three-month Commercial Paper for the previous month as reported in the Federal Reserve Statistical Release, H.15, or its successor publication. Accumulated interest will be included in the amount on which interest is accrued, but will be identified as a separate component of the CEMA account.

iii. APPLICABILITY

The CEMA balance will be recovered from all customer classes, unless specifically requested for exclusion by the Utility.

iv. CHANGES IN RATES

Costs recorded in the CEMA may be recovered in rates only after a request by the Utility, a showing of reasonableness, and approval by the Commission. Such a request may be made by formal application specifically for that purpose, by inclusion in a subsequent general rate case, or other rate setting request.
