

Helping You Save Water & Energy

Get Hot Water on Demand and \$75 Cash Back

Liberty Utilities is constantly searching for ways to help our customers conserve.

We are currently offering a \$75 rebate for the purchase and installation of a hot water recirculating pump in your home. Recirculating pumps provide hot water at your taps on demand, eliminating the water waste incurred when waiting for your water to come to the desired temperature.

To learn more about this program, please contact Norma Armenta at 1-760-240-8329 or norma.armenta@libertyutilities.com.

Water is essential to everything that's living; please don't use more than you need.

Conserving is Caring.
