

APRIL IS NATIONAL SAFE DIGGING MONTH

Know what's **below**.
Call before you dig.

Remember to
ALWAYS call
before you dig.

One free, easy call gets utility lines marked and helps protect you and others from injuries and expense.

Know what's BELOW. CALL 811 before you dig.

BEFORE YOU COVER IT UP, MAKE SURE IT'S SAFE!

So you called 811 before you or your contractor starting digging — good job!

But before you backfill over exposed utility lines, you need to call us.

Call Liberty Utilities before you do any backfilling of exposed utility lines to ensure they were not damaged during construction. If you cover the exposed lines without inspecting for possible damage, it could result in costly problems later on.

We'll come out **FREE OF CHARGE** to inspect utility lines for any possible damage.

**In North Lake Tahoe and surrounding areas,
call: (530) 546-1755**

**In South Lake Tahoe and surrounding areas,
call: (530) 543-5281**
