Liberty Utilities®

Liberty Utilities Refrigerator/Freezer Recycling Program Customer Request Form

Participation and Eligibility: In order to qualify for this program the participant must have an active electric account with Liberty Utilities in one of the listed counties and refrigerators / freezers being removed must be in working condition between 10 and 30 cu-ft. in capacity. Participants qualify for pickup of up to 2 working units per calendar year. Customers will receive a rebate of \$35 for each of the first two working units picked up within any calendar year. Additional working units or non-working units may be picked up for a per unit charge depending on the service address.

Refrigerator / Freezer 1					
Refrigerator / Freezer 2					

Customer Agreement

I certify that:

- I am an electric customer of Liberty Utilities in one of the listed counties.
- My appliance(s) is operable and between 10 – 30 cubic feet in size, and I have not already in the current calendar year recycled 2 units under this program.
- I understand that pickup can only be made if the refrigerator/freezer is at ground level in the driveway or curbside.
