**Subject: Energy Cost Adjustment Clause Offset True-Up and CARE Rate Changes**

Liberty Utilities (CalPeco Electric) LLC (U 933 E) (“Liberty”) hereby submits this **Tier 1** Advice Letter (“AL”) to adjust its Energy Cost Adjustment Clause (“ECAC”) offset rate, in accordance with the true-up mechanism referenced in D.25-08-012, and to revise the associated tariffs.

In addition, Liberty is updating Public Purpose Program (“PPP”) rates on the associated tariff sheets with the approval of AL 275-E. The PPP rates were updated in the billing system and effective February 1, 2026.

Finally, Liberty submits this Advice Letter to revise the April 2026 climate credit, in accordance with D.25-08-012.

**Purpose**

This Advice Letter adjusts Liberty’s ECAC offset rate applicable to various rates classes, as well as Greenhouse Gas (“GHG”) climate credits applied to domestic and A-1 rate classes. The adjustments are based on the true-up mechanism authorized in D.25-08-012. Additionally, in accordance with D.25-08-012, Liberty submits this advice letter to implement a revised April 2026 residential climate credit.

This Advice letter also revises PPP rates applicable to various rate classes, in accordance with AL 275-E.

Updated tariff sheets are included in Attachment A. The affected tariff pages include:

### Discussion

Ordering Paragraph 1 of D.25-08-012 adopts and approves a Settlement Agreement between Liberty, A-3 Customer Coalition, and the Public Advocates Office. The Settlement Agreement includes a twenty-four (24)-month amortization of the under-collection and ECAC revenue requirement of \$56.782 million and a semi-annual Climate Credit of \$71.98 for Residential and Small Business Customers. Ordering Paragraph 2 of D.25-08-012 authorizes Liberty to file this quarterly Tier 1 Advice Letter to revise the Offset rate if actual energy costs deviate more than plus or minus 5 percent. In the fourth quarter of 2025 and the first quarter of 2026, Liberty's actual energy costs exceeded the forecast by approximately X%.

Ordering Paragraph 3 of D.25-08-012 required the submission of AL-271-A to implement a true-up as part of the October 2025 residential climate credit. In April 2025, Liberty distributed the previously authorized amount of \$80.25, rather than the \$71.98 adopted in the Settlement Agreement. As a result, customers received an additional \$8.27 in the April 2025 climate credit payout. Liberty true-up the differential amount in the October 2025 payout by issuing customers a climate credit of \$63.71. This advice letter revises the climate credit for April 2026 to \$71.98 in accordance with D.25-08.012.

### Effective Date

Liberty requests that this **Tier 1** advice letter be effective as of March 1, 2026.
