2. **NONPROFIT GROUP LIVING FACILITIES (Continued)**

a. (Continued)

Examples of potentially eligible nonprofit group living facilities consist of licensed or permitted homeless shelters, transitional housing, short- or long-term care facilities (hospices, nursing homes, seniors' or children's homes), group homes for mentally or physically disabled /disadvantaged persons or satellite facilities of a properly licensed larger facility; and other nonprofit group living facilities that may not have a license or permit (homeless shelters, women's shelters or hospices) in which 100 percent of the residents would meet the care residential CARE income eligibility requirements and where services are being provided for the direct benefit of eligible residents. Any for-profit entity, student housing/dormitories, military barracks and fraternities/sororities are excluded.

An approved "Application for Liberty's California Alternative Rates

for Energy (CARE) Expanded Care for Group-Living Facilities" is required for service under this schedule. In addition, applicants, other than homeless shelters, shall submit an "Application of California Alternate Rates of Energy (CARE) Program" on behalf of each resident of the facility.

- b. Nonprofit group living facilities must reaffirm their eligibility for service under this rate schedule annually. Eligibility confirmation shall require demonstration by the applicant that the rate discount obtained under this schedule has been passed on to the benefit of the facilities residents.
- c. Publicly owned and government-subsidized housing facilities are not qualifying group living facilities. A group living facility that would otherwise qualify for CARE would not be ineligible because compensation for room, board or services is provided by a government agency on behalf of the resident under a disability, Supplemental Security Income (SSI), Social Security Administration (SSA) or other governmental assistance program.

A nonprofit owner/operator of a government-subsidized residential facility may be eligible for service under this schedule if services besides lodging are provided to residents and all other eligibility criteria are met.
