MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

This Mobilehome Park Conversion Program Agreement (“Agreement”) is made and entered into by and between _____ (“MHP Owner/Operator”), a _____ organized and existing under the laws of the state of _____, and the Utility, “Liberty Utilities (CalPeco Electric) LLC” (“Liberty Utilities” or “Utility”), a corporation organized and existing under the laws of the state of California. MHP Owner/Operator and Liberty Utilities may be individually referred to as a “Party” and collectively as the “Parties.”

RECITALS

WHEREAS, Liberty Utilities offers a ten-year program under the direction of the California Public Utilities Commission (“CPUC” or “Commission”) pursuant to Decision 20-04-004 whereby master-metered/submetered mobilehome parks (“MHP”) may elect to convert to direct utility service, with costs for “to-the-meter” and “beyond-the-meter” work to be borne by Liberty Utilities (MHP Program).

WHEREAS, MHP Owner/Operator desires to convert the master-metered/submetered utility system(s) in its MHP to direct service from Liberty Utilities under the MHP Program.

In accordance with the foregoing premises, the Parties agree as follows:

1. General Description of Agreement

1.1. This Agreement is a legally binding contract. The Parties agree to be bound by the terms and conditions set forth herein, incorporated herein by reference, and the requirements of Rule 23 (“MHP Rules”). This Agreement and the MHP Rules shall govern the conversion of the entire private electric distribution system servicing the MHP to direct Liberty Utilities electric distribution and service, including all Mobilehome Spaces (MH-Space), common areas, permanent buildings, and/or structures that currently have utility service.

Utility service to be converted to direct Liberty Utilities service:

Electric Only

1.2. Prior to signing this Agreement, the MHP Owner/Operator would have already submitted the California Public Utilities Commission’s (CPUC’s or Commission’s) “Form of Intent” and the MHP Application (Form 14-0700), and continue to be bound by the terms set forth in those documents.

1.3. The number of MHP-Spaces that will be eligible for conversion to direct Utility service under the MHP Program (both “To-the-Meter” and “Beyond-the-Meter”) shall be equal to the number of occupied residential MHP-Spaces permitted by the California Department of Housing and Community Development or its designated agency, within the MHP that currently receives a discount under the current qualifying mobilehome rate schedule and the number of unoccupied residential MHP-Space permitted by the California Department

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

of Housing and Community Development or its designated agency, that are designated on the MHP Application that are currently able to receive electric and/or gas service from the existing master metered/submeter system (Legacy System).

- 1.4. The MHP Owner/Operator must provide the following documents with the MHP Agreement pursuant to MHP Program criteria in MHP Rules: (1) proof that the MHP has a valid operating license from the governmental entity with relevant authority; (2) if the MHP is operated on leased real property, proof that the land lease will continue for a minimum of 20 years from the time that the MHP Agreement is executed by Liberty Utilities; and (3) declaration under penalty of perjury/affirmation that the MHP is not subject to an enforceable condemnation order or to pending condemnation proceedings (See Attachment A).
- 1.5. This Agreement conforms to Decision 20-04-004 (D.20-04-004) and has been approved by the CPUC for use between Liberty Utilities and the MHP Owner/Operator. The terms and conditions of this Agreement may not be waived, altered, amended or modified, except as authorized by the CPUC. This agreement at all times shall be subject to such modifications as the California Public Utilities Commission may direct from time to time in the exercise of its jurisdiction.

2. Representations

- 2.1. Each Party agrees to the terms and conditions of the MHP Program as stated in this Agreement, the MHP Application and MHP Rules. All tariffs associated with this Program may be amended from time to time, subject to CPUC approval.
- 2.2. Each person executing this Agreement for the respective Parties expressly represents and warrants that he or she is authorized to act as signatory for such Party in the execution of this Agreement.
- 2.3. Each Party represents that: (a) it has the full power and authority to execute and deliver this Agreement and to perform its terms and conditions; (b) the execution, delivery and performance of this Agreement has been duly authorized by all necessary corporate entities; and (c) this Agreement constitutes such Party's legal, valid and binding obligation, enforceable against such Party in accordance with its terms.
- 2.4. Each Party shall (a) exercise all reasonable care, diligence, and good faith in the performance of its duties pursuant to this Agreement; and (b) carry out its duties in accordance with applicable regulations, laws, City and County ordinances and recognized professional standards.

3. Submittal of Agreements and Documents

- 3.1. Upon receipt of the Agreement, the MHP Owner Operator will have thirty (30) days to sign and submit the Agreement to Liberty Utilities.

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

- 3.2. If requested by either party, a post engineering meeting can be requested prior to the signing of the Agreement to resolve any outstanding issues and concerns, and/or to review the reasonableness of the Contractor's bid to perform the "Beyond-the-Meter" work. Liberty Utilities and the Commission encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. Liberty Utilities reserves the right to withdraw the MHP space approval for the MHP, and may, at its option, remove or place the MHP in the back of the queue of the pre-selected MHPs as specified in Section 10 of this Agreement.
- 3.2.1. If Liberty Utilities and the MHP Owner/Operator fail to agree upon the qualifications of the contractor selected to perform "Beyond the Meter" work, the CPUC's Safety and Enforcement Division (SED) will be consulted to resolve the dispute.
- 3.2.2. The Contractor shall be selected based on the "most cost-effective option". Liberty Utilities reserves the right to review the reasonableness of bids for "Beyond the Meter" work that are received by the MHP Owner/Operator. Liberty Utilities and the CPUC encourage consultation and coordination between parties to ensure efficiency and avoid unnecessary (and non-reimbursable) costs. In all instances, the work performed by the Contractor must comply with applicable regulations, laws, ordinances, and recognized professional standards, and such work must be approved by the applicable governing inspection authority(ies).
- 3.2.3. The MHP Owner/Operator understands and agrees that neither Liberty Utilities' consultation and coordination with the MHP Owner/Operator regarding the selection of a Contractor, nor its review of bids or other pricing terms, constitutes an endorsement by Liberty Utilities of said Contractor or its work. Further, the MHP Owner/Operator understands and agrees that Liberty Utilities makes no guarantee or warranty, either expressed or implied, with respect to the Contractor's work. The MHP Owner/Operator understands and agrees that Liberty Utilities will not be liable for any claims related to "Beyond the Meter" facilities, including but not limited to claims related to the planning, design, construction and/or maintenance of such facilities, and the MHP Owner/Operator agrees to indemnify, defend and hold harmless Liberty Utilities and its officers, directors, employees and/or agents from and against any such claims.
- 3.3. Agreements and documents shall be mailed to:

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

4. Contractor selected by the MHP Owner/Operator to Perform “Beyond-the-Meter” Work

4.1. MHP Owner/Operator shall select a qualified, licensed contractor to perform “Beyond-the-Meter” work to MH-Spaces and shall consult and coordinate with Liberty Utilities on such selection. The MHP Owner/Operator shall provide in Attachment B, attached hereto and incorporated herein, information about the selected contractor.

5. MHP Owner/Operator Responsibilities

5.1. The MHP Owner/Operator will continue to have sole responsibility for compliance with all applicable laws governing mobilehome parks and compliance with the MHP’s own Rules and Regulations.

5.2. Easements

5.2.1. The MHP Owner/Operator shall provide or assist in obtaining rights-of-ways or easement as required by the Utility’s Distribution and Service Extension Rules (Rule 15 & 16) and D.20-04-004.

5.2.2. Liberty Utilities shall at all times have the right to enter and leave the Park for any purpose connected with the furnishing of electric service (meter reading, inspection, testing, routine repairs, replacement, maintenance, emergency work, etc.) and the exercise of any and all rights secured to it by law, and under all applicable Liberty Utilities tariffs.

5.3. Engineering and Planning – Electric Distribution System

5.3.1. The “Beyond-the-Meter” electrical system shall be designed to meet applicable code and regulatory requirements of any inspecting agency for installation of service equipment. Required permits must be obtained and shall be available for inspection by Liberty Utilities.

5.3.2. Liberty Utilities will normally design and install a single phase, 120/240 volts, 100 ampere electric meter service equipment at each individual MHP-Space. Any requests for service modifications beyond the 100-ampere electric service or relocations beyond what is being provided by the MHP Program will be handled under Liberty Utilities’ current Rules and Tariffs.

5.4. Engineering and Planning – General

5.4.1. MHP Owner/Operator shall ensure that any proposal for Beyond-the-Meter work prepared or received by the MHP Owner/Operator is based on a full knowledge of all conditions that would affect the cost and conduct of the conversion. The MHP Owner/Operator shall inform itself fully and convey to all potential Contractors and

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

to Liberty Utilities the physical conditions at the work site, including as applicable, potential cultural sites, potential environmental issues, subsurface geology, borrow pit conditions and spoil disposal areas; the availability, location and extent of construction and storage area and other facilities or structures above and below ground; necessary safety precautions and safeguards; dimensions not shown on drawings; the extent of established lines and levels. MHP Owner/Operators who fail to disclose potential issues during the design phase risk removal from the program by Liberty Utilities.

- 5.4.2. MHP Owner/Operator will at all times own and is responsible for the “Beyond- the-Meter” utility service facilities.
- 5.4.3. Requests for service entrance relocations, rearrangements and upgrades not covered by the MHP Program can be made by the MHP Owner/Operator and such modifications and additional incremental costs, will be the sole responsibility of the MHP Owner/Operator. Liberty Utilities will process such requests under current applicable tariffs. Such requests for “To-the-Meter” services may require a separate service extension contract and shall be done in accordance with the effective service extension tariff. To the extent not covered by separate contract, costs for such requests are shown in Attachments C, D and E, attached hereto and incorporated herein. All costs not covered by the MHP Program must be paid in full to Liberty Utilities prior to or with the submittal of the MHP Agreement in order for the construction phase to begin.

Liberty Utilities will include with the MHP Program additional reasonable services for common use areas within the MHP that will be served under commercial rate schedules. For common areas, Liberty Utilities will terminate its service facilities at a location as close as possible to the exterior of the building/structure nearest to the Liberty Utilities’ main distribution facilities. Moreover, the selected location shall be as close as practicable to the existing service delivery point(s); however, some flexibility in the construction approach is necessary to address various situations that exist in current installations. Liberty Utilities will not provide the service panel and “Beyond-the-Meter” reimbursements for these common area services. Requests for additional common use area meters and services, including services for recreational vehicles (RV) spaces that are not provided by the MHP Program but are approved by Liberty Utilities, will be designed under the guidance of the Service Relocation and Rearrangement provisions of Liberty Utilities’ Rules. The MHP Owner/Operator will be responsible for such charges, which shall be listed in Attachment B and C of this Agreement.

- 5.4.3.1. The MHP Owner/Operator, or its representative, is responsible to collect any and all fees associated with “To-the-Meter” service modifications that are not covered by the MHP Program that were requested on behalf of the MH-Owner and due to Liberty Utilities under the current Rules and Tariffs and forward those payments to

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

Liberty Utilities.

5.4.3.2. “Beyond-the-Meter” service modifications that are not covered by the MHP Program, including installation costs that exceed the most cost- effective option (e.g. alternate routes or below ground installations), will not be eligible for reimbursement from Liberty Utilities.

5.4.3.3. Any requests for service entrance relocations, rearrangements and upgrades that occur after the design and engineering phase has been completed will result in a change order that may require redesign and/or re-engineering. Additional redesigning and/or re-engineering costs will not be eligible for reimbursement from Liberty Utilities.

5.4.4. The MHP Owner/Operator shall keep any worksite(s) free of debris, obstructions, landscape, and temporary facilities prior to the initiation of work by Liberty Utilities and/or the contractor. Temporary facilities may include, but is not limited to, storage sheds, decks, awning, car ports, or any facility that is not normally provided by the MHP. Relocation or removal of such items will not be eligible for reimbursement from Liberty Utilities.

5.4.5. The MHP Owner/Operator will continue to own, maintain and be responsible for facilities located within the Park’s common area, such as the office, clubhouse, laundry facilities, streetlights, etc., and their associated “Beyond-the-Meter” facilities. Liberty Utilities meters will be installed to serve these facilities. MHP Owner/Operator will be responsible payment of Liberty Utilities’ bills associated with such meters. Additional facilities that may be requested (e.g. streetlight fixtures) and associated energy charges for the common area facilities will be based on the applicable tariff and will not be eligible for reimbursement from Liberty Utilities.

5.5. Existing Distribution System (Legacy System)

5.5.1. The MHP Owner/Operator must continue to operate and maintain the existing master-meter/submeter system (“Legacy System”) and continue to provide utility service to the MHP residents until cutover to the new direct Liberty Utilities service system. At all times, the Legacy System will remain the property and responsibility of the MHP Owner/Operator, including ongoing maintenance, notification, post construction removal (if required, including above ground facilities, i.e., submeters and risers) and related permitting, decommissioning and any environmental remediation.

5.5.2. Liberty Utilities shall not remove the existing legacy system unless necessary, and the system shall be abandoned in place. Liberty Utilities shall isolate the new and existing legacy systems. Liberty Utilities shall not incur any expenses associated

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

with the removal or retirement of the existing system under the MHP Program. Should removal of the sub-metered distribution system be necessary to complete the conversion to direct utility service from Liberty Utilities, such costs may, at Liberty Utilities' discretion, be included in the MHP Program if it is necessary and can be done so efficiently.

5.6. Permits

5.6.1. Except for the routine, ministerial construction permits to be acquired by Liberty Utilities pursuant to Section 6 of this Agreement, the acquisition of all other permits will be the responsibility of the MHP Owner/Operator. This includes, but not limited to the following:

- Environmental and governmental agency permits.
- Caltrans permits.
- Railroad permits.
- HCD and/or local City and County building permits for electric service work necessary to install new service delivery facilities including, but not limited to, gas house lines, electric meter pedestals, and terminations.
- Permits for the abandonment of the Legacy System.

The work performed by the MHP Owner/Operator's Contractor will include submittal of permits associated with all "Beyond the Meter" work for the agency with jurisdictional authority and such permits will be reimbursable under the MHP Program. Permitting costs related to the abandonment of the Legacy System will not be reimbursable under the MHP Program and are the responsibility of the MHP Owner/Operator.

Liberty Utilities may assist the MHP Owner/Operator in preparation and submittal of all other permit applications, but construction permits not covered by Liberty Utilities will be paid by the MHP Owner/Operator.

5.7. Environmental, Endangered Species and Cultural Resources Review

5.7.1. Any environmental, endangered species and cultural resources remediation, or other resolution of environmental issues, and the costs associated with those efforts, are the sole responsibility of MHP Owner/Operator and must be addressed as required by the agency with jurisdictional authority. No utility shall assume any remediation responsibility and utility ratepayers shall bear no costs associated with any required remediation.

5.7.2. Any environmental, endangered species and cultural resources issues that are identified during the conversion will result in the immediate suspension of work at the MHP. The MHP Owner/Operator shall resolve these issues prior to work

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

resuming at the MHP. MHP Owner/Operator may be granted additional time by Liberty Utilities to resolve environmental, endangered species and cultural resources issues prior to completing the conversion, however, such time will not exceed the period of the MHP Program, unless approved by the CPUC.

5.8. Outreach and Education

- 5.8.1. The MHP Representative will be the liaison for the MHP Owner/Operator and will be responsible for relaying project information to MHP Residents and to Liberty Utilities. The MHP Representative shall provide status updates to the MHP Owner/Operator and the MHP Residents from Liberty Utilities and provide timely status updates from contractor and MHP Owner/Operator to Utility.
- 5.8.2. All costs associated with the MHP Representative in performing the duties associated with the Program will be the responsibility of the MHP Owner/Operator and will not be reimbursable from the MHP Program.
- 5.8.3. The MHP Representative shall be the central point of contact for all outreach, marketing and communication notices regarding the MHP Program that are intended for the MHP residents. The MHP Representative shall distribute the information to the residents in a timely manner in accordance to MHP's Rules and Regulations.
- 5.8.4. The MHP Owner/Operator must allow Liberty Utilities to directly contact the MHP residents during the project regarding the MHP Program, account setup and other utility programs. As stated in Section 7.1 of the MHP Application, if the MHP Owner/Operator did not provide a complete list of MH residents with contact information with its submittal of the MHP Application, it must do so with the submission of the MHP Agreement - Attachment A. The list shall consist of a complete list of current residents for each space in the MHP, including name, address or space number, mailing address if different than physical address of unit, home phone number, cell phone number, email address, and other contact information.
- 5.8.5. The MHP Representative shall ensure that the contractor works with Liberty Utilities and keeps the MHP residents informed of the status of the "Beyond-the-Meter" work. Communications will include notices such as temporary outages, detours or street closures. The MHP Representative will also ensure that such notices will remain consistent with Liberty Utilities communications and be distributed in a timely manner.

5.9. Construction

- 5.9.1 Construction of the conversion project may commence after compliance with Section D.3.b of the MHP Rules. Prior to signing the Mobilehome Conversion

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

Program Agreement, each MHP Owner/Operator, in consultation and coordination with Liberty Utilities, shall select and hire a qualified licensed Contractor to perform all necessary "Beyond-the-Meter" construction, and/or electrical work consistent with Section 4 of this Agreement. The MHP Owner/Operator shall assure its Contractor shall work with the MHP Representative to pre-notify and coordinate all work with Liberty Utilities and other affected Parties to ensure that the project is completed in a timely and cost-efficient manner with the least inconvenience to MHP residents.

- 5.9.2. The MHP Owner/Operator shall work cooperatively with Liberty Utilities to resolve various construction issues that may arise during the project, such as providing an acceptable site for construction yard for Liberty Utilities materials and equipment during the project.

Construction of the conversion project may commence upon: 1) the satisfactory resolution of any environmental, endangered species and/or cultural issues; 2) procurement of all required permits; and 3) payment for any requested service relocations, rearrangements and upgrades not covered by the MHP Program, as discussed in Section 10 of this Agreement; and 4) the execution of the MHP Agreement.

- 5.9.3. MHP Owner/Operator shall assure that its contractors are aware of and abide by all safety requirements described in Section 7 of this Agreement.

5.10. Cutover / Completion of Conversion

- 5.10.1. Prior to cutover, all jurisdictional authorities must inspect and approve installation of the "Beyond-the-Meter" work.

- 5.10.2. Cutover cannot occur until Liberty Utilities is satisfied that 24-hour access is available to all utility facilities. Where such access may be restricted due to fencing or locked gating, the MHP Owner/Operator or the owner of the individual MH-Spaces shall provide a utility approved locking device with a utility keyway. Where electronic gates may be involved, the gate will be fitted with a key switch, with utility keyed keyway, which may activate the controller.

- 5.10.3. The MHP Owner/Operator is responsible for discontinuing MHP utility service to all qualifying MH-spaces no later than 90 days after Liberty Utilities is ready to cutover all qualifying MH-spaces to direct Utility service.

- 5.10.4. If requested by Liberty Utilities, the MHP Owner/Operator shall require the Contractor to be available to perform joint cutover with Liberty Utilities for the individual services within the MHP.

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

- 5.10.5. If requested by Liberty Utilities, the MHP Owner/Operator shall require Contractor to be available perform joint cutover with Liberty Utilities for the individual services within the MHP.
- 5.10.6. Upon cutover to the new distribution system, the MHP Owner/Operator will take ownership of all “Beyond-the-Meter” facilities and will be responsible for all maintenance associated with the facilities.

6. Utility’s Responsibilities

6.1. Engineering and Planning

- 6.1.1. Liberty Utilities will design and install the new “To-the-Meter” electric distribution and service system for the MHP to meet current Liberty Utilities design standards and applicable codes, regulations and requirements based on the most economic, convenient and efficient service route.

To the extent possible, Liberty Utilities will design and install the new distribution and service system up to the Service Delivery Point on a “like for like” basis to the existing system. For example, an existing 200 ampere overhead electric service will be replaced with a 200 ampere overhead electric service. If both electric and gas are requested to be replaced and electric service is provided overhead, Liberty Utilities will have the option to offer underground electric service if it is cost effective to do so.

- 6.1.2. Liberty Utilities will prepare a preliminary design package for the new electric and/or gas system and prepare all necessary land rights documents.
- 6.1.3. Liberty Utilities will consult with the MHP Owner/Operator to identify the location of each electric meter and any protection required for the metering service equipment. Liberty Utilities will have the final approval of the location of the meter.
- 6.1.4. Liberty Utilities will include with the MHP Program additional reasonable services for common use areas within the MHP that will be served under commercial rate schedules.
- 6.1.5. Liberty Utilities will design and install the “To-the-Meter” facilities to accommodate a service equivalent to the existing service. If the existing electric service is less than 100 amperes, the Liberty Utilities will design and install “To-the-Meter” facilities to accommodate 100 ampere service as part of the MHP Program.
- 6.1.6. With the exception of the 100 ampere minimum electric service, any requests for service upgrades or relocations beyond what is being provided by the MHP Program will be handled under Liberty Utilities’ current Rules and Tariffs.

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

- 6.1.7. If applicable, Liberty Utilities will design and install a natural gas service line at each individual MH-Space to deliver sufficient volume at Liberty Utilities' standard delivery.
- 6.1.8. Vacant MH-Spaces will receive a stub but will not be connected to a "Service Delivery Point" during the MHP program. When a previously vacant space becomes occupied subsequent to cutover, a line extension contract will be required to extend service per normal line extension rules (Rule 16).

6.2. Permits

- 6.2.1. Liberty Utilities will acquire routine, ministerial construction permits, such as encroachment permits necessary for trenching within public rights-of-way.
- 6.2.2. Liberty Utilities will review all permits prior to construction. No work will be performed by Liberty Utilities or the Contractor under the MHP Program until the MHP's Owner/Operator and/or Liberty Utilities obtains the required permits.

6.3. Environmental and Cultural Resources Review

- 6.3.1. Liberty Utilities shall conduct a "desktop" environmental, endangered species and cultural resources review of the proposed work at the MHP. If such review indicates any environmental, endangered species and cultural resources issues, Liberty Utilities will immediately suspend work at the MHP. Liberty Utilities will not resume work until it has received authorization from appropriate experts and/or agency with jurisdictional authority. Liberty Utilities assumes no remediation responsibility or liability. Costs for remediation are not eligible for reimbursement from the MHP Program.

6.4. Outreach and Education

- 6.4.1. Liberty Utilities will work with the MHP Owner/Operator and/or the MHP Representative on outreach and education to MHP residents.
- 6.4.2. During the construction phase, Liberty Utilities will work with the MHP Representative to keep the MHP residents informed of the status of the project, including notice of temporary outages, detours or street closures, and other issues related to the project. Information provided by Liberty Utilities will include, but is not limited to, "transition kits" for the MHP residents with information about construction work impacts, timing, account setup instructions, utility programs and services such as California Alternate Rate for Energy (CARE), medical assistance program, energy. Liberty Utilities will work with the MHP Representative to ensure all notices and project information is communicated and distributed in a timely manner.

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

6.4.3. Liberty Utilities will manage communications with the Commission, California Department of Housing and Community Development (HCD), other utilities, local government, local media, and other parties, as necessary, regarding the MHP Program activities.

6.5. Construction

6.5.1. Liberty Utilities will install, or select a qualified licensed contractor to install the new "To-the-Meter" electric and/or gas distribution systems that will meet all current electric and/or gas design standards, applicable codes, regulations and requirements. Facilities and services installed will be based on the agreed upon design.

6.5.2. Liberty Utilities will consult and coordinate conversion activities with other utilities that may also serve the MHP, including municipal utilities, water, cable and telecommunication providers, to ensure efficiency and avoid unnecessary disruption and/or costs.

6.5.3. Utility may commence conversion after compliance with Section D.3.b of the MHP Rules. Liberty Utilities may elect to wait until the MHP Owner/Operator can demonstrate construction of the "Beyond-the-Meter" facilities have been substantially completed, such facilities have been approved by the governing inspection authority and Liberty Utilities receives a copy of any inspection report or verification to begin construction. Liberty Utilities may also commence construction if the MHP Owner/Operator has coordinated an acceptable construction schedule that is approved by Liberty Utilities and/or as scheduling and availability permits.

6.5.4. Liberty Utilities shall not remove the existing legacy system, unless necessary and the system shall be abandoned in place and Liberty Utilities shall isolate the new and existing legacy systems. Liberty Utilities shall not incur any expenses associated with the removal or retirement of the existing system under the conversion program. Should removal of the legacy distribution system be necessary to complete the conversion to direct utility service from Liberty Utilities such costs may, at Liberty Utilities' discretion, be included in the MHP Program if it is necessary and can be done so efficiently.

6.6. Cutover / Completion of Project

6.6.1. Liberty Utilities will own, operate, and maintain all "To-the-Meter" electric distribution and service systems within the MHP. Upon completion of the conversion, the facilities will be managed under and subject to Rule 15 and Rule 16 and other applicable tariffs.

6.6.2. If necessary, Liberty Utilities will coordinate with the Contractor to jointly meet to

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

perform joint cutover with Liberty Utilities for the individual services within the MHP.

- 6.6.3. Liberty Utilities will reimburse the MHP Owner/Operator for all qualifying “Beyond-the-Meter” work as summarized in Attachment C.
- 6.6.4. Existing MHP residents within the MHP will be converted to direct Liberty Utilities’ service and will be served under existing Liberty Utilities’ tariffs. At the time of the initial service cut-over, fees associated with new customer credit checks and service deposits will be waived. However, as with other residential customers, MHP residents will still be subject to discontinuance of service provisions per Liberty Utilities’ Discontinuance and Restoration of Service Rule (Rule No. 11). After the service cutover is completed and MHP residents have established their Liberty Utilities’ accounts, all new MHP residents will be subject to all existing credit requirements and deposits applicable to all Liberty Utilities’ residential customers.
- 6.6.5. Existing MHP residents who participate in the CARE and/or the Family Electric Rate Assistance (FERA) programs through the MHP master-metered/submetered distribution system and become a customer of Liberty Utilities through the MHP Program will be deemed grandfathered into the respective program without having to recertify or reapply as long as the name of the customer for the new service account matches the name of the CARE/FERA participant. This will be a one-time exception to the respective CARE/FERA Rules at the time of the service conversion.
- 6.6.6. Existing MHP residents who receive medical baseline allowances through the MHP master-metered/submetered distribution system and become a customer of Liberty Utilities through the MHP Program will be deemed grandfathered and will continue to receive the same medical baseline allowances without having to recertify or reapply as long as the participant who is receiving the medical baseline allowance still lives at the residence. This will be a one-time exception to the Medical Baseline Rules at the time of the service conversion.
- 6.6.7. Liberty Utilities or its contractor shall de-energize and disconnect the Legacy System once cutover is completed to ensure safety of the disconnected system.

7. Safety

- 7.1. **IMPORTANCE OF SAFETY:** The Parties recognize and agree that safety is of paramount importance in the implementation of the MHP Program and Parties are responsible for performing the work in a safe manner. Parties shall plan and conduct the work, and shall require all contractors and subcontractors to abide by all safety requirements incorporated herein and to perform their portion of the work, in accordance with all applicable local, state and federal rules, regulations, codes, and ordinances to safeguard persons and property from injury. The MHP Owner/Operator shall require its Contractor to provide

MOBILEHOME PARK UTILITY CONVERSION PROGRAM AGREEMENT

necessary training to its employees and Subcontractors to inform them of the foregoing safety and health rules and standards. Should Liberty Utilities at any time observe the contractor, or any of its subcontractors, performing the work in an unsafe manner, or in a manner that may, if continued, become unsafe, then Liberty Utilities shall have the right (but not the obligation) to require the MHP Owner/Operator to stop contractor's work affected by the unsafe practice until contractor has taken corrective action so that the work performance has been rendered safe.

- 7.2. Regulations and Conduct of Work: MHP Owner/Operator shall assure that its contractor plans and conducts the work to safeguard persons and property from injury. MHP Owner/Operator shall direct the performance of the work by its contractor in compliance with reasonable safety and work practices and with all applicable federal, state, and local laws, rules, and regulations, including but not limited to "Occupational Safety and Health Standards" promulgated by the U.S. Secretary of Labor and the California Division of Occupational Safety and Health, including the wearing of "hard hats" at the worksite if applicable. Work in areas adjacent to electrically energized facilities shall be performed in accordance with said practices, laws, rules, and regulations. Liberty Utilities may designate safety precautions in addition to those in use or proposed by contractor. Liberty Utilities reserves the right to inspect the work and to halt construction to ensure compliance with reasonable and safe work practices and with all applicable federal, state, and local laws, rules, and regulations. Neither the requirement that contractor working on behalf of the MHP Owner/Operator follow said practices and applicable laws, rules, and regulations, nor adherence thereto by contractor, shall relieve MHP Owner/Operator of the sole responsibility to maintain safe and efficient working conditions.
- 7.3. Additional Precautions: Upon Liberty Utilities' request, the MHP Owner/Operator shall require its contractor to provide certain safeguards not in use but considered necessary and if contractor fails to comply with the request within a reasonable time, Liberty Utilities may provide the safeguards at MHP Owner/Operator's expense. Failure to comply with safety precautions required by Liberty Utilities may result in termination of the Agreement for cause.
- 7.4. Parties will immediately notify each other regarding safety and hazardous conditions that may cause harm to Liberty Utilities personnel, MHP Owner/Operator, contractors, subcontractors, MHP residents, and/or the general public. Upon notice, the responsible party shall investigate the potential safety hazard, and if necessary, take actions to remedy the situation.
- 7.5. The MHP Owner/Operator shall be responsible for notifying local emergency services, if required, about pending road closures or detours that may affect life safety and services to the MHP and MHP residents.

- 8.3. Delays by MHP Owner/Operator: No additional compensation or other concessions will be allowed to the MHP Owner/Operator for expenses resulting from delays for which MHP Owner/Operator is responsible. If, in Liberty Utilities' opinion, the delay is sufficient to prevent MHP Owner/Operator's compliance with the specified schedule, MHP Owner/Operator shall accelerate the work by overtime or other means, at MHP Owner/Operator's expense, to assure completion on schedule.

9. Termination

- 9.1. Either Party may, at its option, terminate upon 30-day written notice to the other Party.
 - 9.1.1. Liberty Utilities may cancel or suspend this Agreement for, but not limited to, the following situations:
 - 9.1.1.1. The failure, refusal or inability of the MHP Owner/Operator to perform the work in accordance with this Agreement for any reason (except for those reasons that are beyond MHP Owner/Operator's control) after receiving notice from Liberty Utilities and an opportunity to cure and MHP Owner/Operator has failed to do so; provided however, at Liberty Utilities' option, safety or security violations may result in immediate termination; or

In accordance with California Public Utilities Commission (CPUC) Decision (D.) 20-04-004, and subject to the requirements of Electric Rule 23, Liberty Utilities is offering the Mobilehome Park Conversion Program to convert existing privately owned master-meter/submeter electric distribution service within a Mobilehome Park or Manufactured Housing Communities ("MHP"), to direct Liberty Utilities service for each individual space within MHP.

Utility service to be converted to direct Liberty Utilities service (check one):

Electric Only

The number of MH-Spaces that will be eligible for conversion to direct Liberty Utilities service under the MHP Program (both "To-the-Meter" and "Beyond-the-Meter") shall be equal to the number of residential MH-Space spaces within the MHP and that are designated on the Utilities' MHP Application. Liberty Utilities will include with the MHP Program additional reasonable services for common use areas within the MHP that will be served under commercial rate schedules.

Any service modifications and associated costs beyond what is being provided by the MHP Program will be the responsibility of the requesting party. These modifications will be handled under Liberty Utilities' current applicable Tariffs. In addition, "Beyond-the-Meter" costs to serve common use areas are the responsibility of the MHP Owner/Operator and are not eligible for reimbursements from the MHP Program. Any additional common use area meters and services that are not provided by the program will be designed and installed under the guidance of the Service Relocation and Rearrangement section of Electric Rule 16.
