

Going Green

Just like you, Liberty Utilities wants to take care of the beautiful environment we work and live in. Here's what we're doing to reduce our carbon footprint:

🌿 **Eliminating Coal from our Power Mix**

🌿 **Increasing Solar-generated Power**

🌿 **Electric Vehicle Program**

🌿 **Solar Incentive Program**

🌿 **Reducing Fleet Vehicle Emissions**

🌿 **CA Climate Credit**

🌿 **Energy Efficiency Programs**

Find out more about each of these by visiting www.libertyutilities.com and selecting the Clean Energy link at the top. Reduce your carbon footprint to save the environment, energy and money!

Top 10 Holiday Lighting Tips

- ★ Switch to safe, long-lasting, energy-efficient LED holiday lights.
- ★ Use a timer to reliably turn lights on and off.
- ★ Don't overload your electric circuits.
- ★ Stay within limits of your circuit breaker.
- ★ Adhere to manufacturer's designations and locations for indoor vs. outdoor use.
- ★ Don't run extension cords under rugs, around furniture legs, or across doorways.
- ★ Avoid stringing more than three sets of lights together and plugging into single outlet.
- ★ Make sure there's a bulb in each socket of a light string even if it's burned out.
- ★ Keep your natural trees well-watered to prevent bulbs from igniting dry branches.
- ★ Never use electrical decorations on metal trees.
