If you own an EV, it's time to upgrade your home recharging experience with this exclusive offer from Liberty. Welcome home, relax, and recharge.

<sup>\*</sup>rebate up to \$1,500

 **Liberty**<sup>™</sup> Drive

# Your EV is powering change. A free smart charger will change the way you power your EV.

Join Liberty in leading the way to a brighter, cleaner future and get up to \$1500 in rebates when you install a smart EV charger.

## Charge Faster

How much faster? Your new smart charger can add an extra 30 miles of driving range per hour versus your standard wall plug. Get more freedom and more peace of mind.

## Charge any EV

The charger and plugs are standard. They work with every current make and model.

## Connected and in control

Control your smart EV charger from your mobile device. You'll always see how charged you are, and you can start or stop charging any time, even if you're not at home.

## Safe and reliable

All qualifying smart EV chargers meet strict safety standards. Safe for your car and safe for your home.

## Installed by a pro

You'll choose a licensed California electrician. They'll install your charger in the right place for you. Inside the garage or at the side of your home? It's your choice.

## Save money

Set your smart charger to charge your EV at off-peak times when Liberty's rate is lower and save even more. When you charge faster, you can start later!

Get your EV charger today!
