California's Top Generator Company

We Install & Maintain Home Backup Generators in Ontario, CA

When an emergency strikes, you want to know that your home or business will have the emergency power you need to keep going. An emergency backup generator can be crucial, especially when rolling power outages, hurricanes, and any of California's unpredictable weather emergencies threaten.

At Generator Supercenter of Inland Empire, we have a huge selection of cutting-edge, reliable commercial and residential propane, Generac, electric, and diesel generators. No matter what your needs are, we have the emergency power solution to meet them. Let us help you prepare for the next crisis—before it can strike!

Call Generator Supercenter of Inland Empire now at 909-994-3902 and let us help you find the perfect emergency power solution.

Our commitment to clients has garnered us recognition such as the Generac Premier Dealer Award – Generac's Highest Honor for Customer Service and Sales.
