**Advice Letter 97-E
(U 933 E)**

California Public Utilities Commission
Energy Division, Tariff Unit
505 Van Ness Avenue, 4th Floor
San Francisco, CA 94102-3298

Subject: Liberty Utilities (CalPeco Electric) LLC (U-933 E) – Recovery of ECAC and GHG Revenue differential from January 1 to May 1, 2018

Purpose

Liberty Utilities (CalPeco Electric) LLC (U 933-E) (“Liberty CalPeco”) submits this **Tier 2** Advice Letter to propose revenue recovery of the differential between rates effective January 1 and May 1, 2018 based on decision D.18-03-024.

Discussion

This Advice Letter recommends that the balance from the rate differential in the Energy Charge Adjustment Clause (“ECAC”) and Greenhouse Gas (“GHG”) revenues be included in the updated July 2018 ECAC/GHG filing, for rates effective January 1, 2019. Liberty CalPeco’s recommended policy is based on the application and decision found in:

ECAC (A.17-07-001; D. 18-03-024). Ordering Paragraph No. 4 states, “Liberty Utilities (CalPeco Electric) LLC shall also submit a Tier 2 Advice Letter within 30 days of the effective date of this decision to request recovery of the revenue differential between January 1, 2018 and the first day of the month following the adoption of this decision. This Advice Letter shall provide a calculation to “true up” the revenue differential, and the reasons for using this calculation.”

The difference in revenues between the two ECAC rates is approximately \$1.485 million, which is to be credited to Liberty CalPeco customers. Because of the proximity to this current filing, Liberty CalPeco proposes to include this credited amount in the updated ECAC rate change filing in July 2018, for rates effective January 1, 2019. Attachment A provides the calculation for how the \$1.485 million credit will be distributed to Liberty CalPeco customers.

The revenue difference between the GHG credits is roughly \$0.317 million to be collected from CalPeco customers. The California Climate Credit for agriculture and small business (less than 20kW demand) customer balance is an increase of approximately \$12,551 in credits. Attachment B provides the calculations supporting the revenue recovery for the GHG rate revisions.

Effective Date

Liberty CalPeco requests that this **Tier 2** Advice Letter be effective as of June 2, 2018.

Protests

Anyone wishing to protest this Advice Letter may do so by letter sent via U.S. mail, by facsimile or by email, any of which must be received no later than May 22, 2018, which is 20 days after the date of this Advice Letter.
