### **REQUEST NO. 1:**

Explain why Table 29 only has only one initiative of the seven requested in the WMP template.

### **RESPONSE TO REQUEST NO. 1:**

Please see Liberty CalPeco's response to LU-43879-E-199. In its revised 2020 WMP submitted February 28, narrative was included for the six initiatives specifically outlined in Section 5.3.9 as programs to reduce ignition probability and wildfire consequence. Narrative was not included for the seventh "Other" initiative because each program was properly classified within the other six initiatives. The table only includes initiatives that forecast spend and/or applicable data. Thus, only one initiative was included in Table 29.
