Proposition 65 warning

Liberty uses natural gas and petroleum products, solvents and other chemicals in our operations. We also use wooden utility poles treated with wood preservatives. Petroleum products and their combustion by-products, wood preservatives and other chemicals used in our operations contain chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

Please avoid contact with wooden utility poles. More safety information can be found at http://oag.ca.gov/prop65/chemicals.

Ready, set, winter! Be prepared before it storms.

A little preparation now can make a big difference when winter weather arrives.

Keep your meter clear

No matter where your electric meter is located, please keep it clear of snow and ice so our crews can safely access it for readings, maintenance or emergencies.

Prepare for power outages

Winter storms can bring unexpected power outages. Here are a few simple steps you can take to be ready:

- Stay connected: Update your contact information to receive outage updates by calling 1-800-782-2506.
- Build an emergency kit: Include flashlights, batteries, warm clothing, blankets and a 48-hour supply of water and non-perishable food.
- Plan ahead: Prepare for medical needs that could be impacted by a power outage.

Scan the QR code to visit Liberty's Outage Center, where you can report an outage, view our outage map, update your contact information, find helpful outage tips and more.
