Summary

This supplemental filing is being made to incorporate changes as discussed with the Division of Water and Audits. This supplemental filing will replace Advice Letter 251-W in its entirety.

This advice letter filing requests authorization to implement a temporary surcharge to the water rates in Park's Service Area. Park is seeking a temporary surcharge of \$0.231 per Ccf for domestic metered customers for an 12-month period. The surcharge is designed to recover the combined under-collection recorded in the 2013 Water Revenue Adjustment Mechanism (WRAM) and the Modified Production Cost Balancing Account (MCBA). Park is also requesting recovery of the unamortized account balance from the active 2012 WRAM/MCBA surcharge. This request is made pursuant to the Commission's direction in Decision 08-02-036, dated February 28, 2008 and Decision 12-04-048, dated April 19, 2012.

Background and Discussion

In D.08-02-036 the Commission adopted the Settlement Agreement between Park and the Division of Ratepayer Advocates (DRA) on WRAM and Conservation Rate Design Issues dated June 15, 2007. D.08-02-036 adopted a Trial Program for Park consisting of a conservation rate design and related mechanisms for decoupling sales and revenue (WRAM and MCBA). The Trial Program was implemented on September 15, 2008 with Commission approval of Park Advice Letter No. 200-W. In D.12-04-048 the Commission modified D.08-02-026 by authorizing an 18-month amortization schedule for the net balance recorded in the WRAM and MCBA. D.12-04-048 also authorized the recovery of account balances that have been under-amortized thus far while the surcharge has been in effect, providing for advice letters requesting

amortization of the WRAM/MCBA balance to be filed on or before March 31st. Due to an oversight, Park filed its request past the deadline but believes that no useful purpose would be served by any further delay in amortizing the combined under-collection in the WRAM/MCBA.

The purpose of the WRAM is to track the difference between adopted and actual commodity rate revenue excluding revenue for fire service, reclaimed water, and miscellaneous fees. The purpose of the MCBA is to track the difference between adopted and actual costs for the following variable costs: purchased water, purchased power, and pump tax. The MCBA captures variations in production costs due to either changes in unit price or changes in consumption.

The combined balance recorded in the WRAM and MCBA for the period January 1, 2013 through December 31, 2013, including interest through March 31, 2014, is an under-collection of \$728,252.

Park filed an information-only report with the Division of Water and Audits for the amounts recorded in the WRAM and MCBA during calendar year 2013 on November 30, 2013 detailing the WRAM and MCBA data for nine months, ending September 30, 2013. As compared to the information-only report, this filing includes an updated twelve months of WRAM and MCBA data, ending December 31, 2013, with a total net under-collected balance of \$728,076. With interest through March 31, 2014, the under-collection is \$728,252.

In addition to the net WRAM and MCBA balance for calendar year 2013, Park proposes to include the under-amortized balance, as of March 31, 2014, from the active surcharge for the 2012 WRAM/MCBA. Because the actual sales were lower than the adopted sales assumed for the surcharge calculation, Park did not recover the regulatory account balances as intended and authorized by the Commission. Therefore, pursuant to the procedure authorized in D.12-04-048, (Section 3.7 Treatment for Under-Amortized Amounts) Park is requesting authority to include in this filing the under-amortized balance of the ongoing WRAM/MCBA of \$381,649 for the 2012 WRAM MCBA.

Park proposes to combine all the above balances for a total of \$1,109,900. Park is therefore requesting recovery of \$1,109,900 or 3.51% of its adopted 2014 revenue requirement. Park proposes to recover the under-collection recorded in the WRAM and MCBA through an 12-month surcharge of \$0.231 per Ccf applicable to domestic service for schedules PR-1-R, residential metered service and PR-1-NR, non-residential metered service.

The Commission Staff has been provided with workpapers developing the balances in the WRAM and MCBA. The calculation of the surcharges is included in the workpapers.

Tier Designation

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

Requested Effective Date

Pursuant to General Rule 7.3.2 of General Order 96-B, Park requests this filing become effective on July 1, 2014.

Notice and Service

In accordance with General Order 96-B, General Rules 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on June 24, 2014 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

In accordance with Resolution W-4664, notice is not required. Park will include notice of the rate change within the bill during the first billing period the increase is in effect.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require re-litigating a prior order of the Commission).

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Division of Water and Audits, 3rd floor
California Public Utilities Commission

Advice Letter No. 251-W

May 2, 2014

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Park Water Company (U 314 W) ("Park") hereby transmits the following revised tariff sheets applicable to water service in its service territory:

Summary

This advice letter filing requests authorization to implement a temporary surcharge to the water rates in Park's Service Area. Park is seeking a temporary surcharge of \$0.265 per Ccf for domestic metered customers for an 18-month period. The surcharge is designed to recover the combined under-collection recorded in the 2013 Water Revenue Adjustment Mechanism (WRAM) and the Modified Production Cost Balancing Account (MCBA). Park is also requesting recovery of the residual account balances remaining from the 2010 and 2011 WRAM/MCBA surcharges that have expired. Park further requests recovery of the unamortized account balance from the active 2012 WRAM/MCBA surcharge. This request is made pursuant to the Commission's direction in Decision 08-02-036, dated February 28, 2008 and Decision 12-04-048, dated April 19, 2012.

Background and Discussion

In D.08-02-036 the Commission adopted the Settlement Agreement between Park and the Division of Ratepayer Advocates (DRA) on WRAM and Conservation Rate Design Issues dated June 15, 2007. D.08-02-036 adopted a Trial Program for Park consisting of a conservation rate design and related mechanisms for decoupling sales and revenue (WRAM and MCBA). The Trial Program was implemented on September 15, 2008 with Commission approval of Park Advice Letter No. 200-W. In D.12-04-048 the Commission modified D.08-02-026 by authorizing an 18-month amortization schedule for the net balance recorded in the WRAM and MCBA. D.12-04-048 also authorized the recovery of account balances that have been under-amortized thus far while the surcharge has been in effect, providing for advice letters requesting amortization of the WRAM/MCBA balance to be filed on or before March 31st. Due to an oversight, Park is filing its request past the deadline but believes that no useful purpose would be served by any further delay in amortizing the combined under-collection in the WRAM/MCBA.

PO Box 7002

The purpose of the WRAM is to track the difference between adopted and actual commodity rate revenue excluding revenue for fire service, reclaimed water, and miscellaneous fees. The purpose of the MCBA is to track the difference between adopted and actual costs for the following variable costs: purchased water, purchased power, and pump tax. The MCBA captures variations in production costs due to either changes in unit price or changes in consumption.

The combined balance recorded in the WRAM and MCBA for the period January 1, 2013 through December 31, 2013, including interest through March 31, 2014, is an under-collection of \$728,252.

Park filed an information-only report with the Division of Water and Audits for the amounts recorded in the WRAM and MCBA during calendar year 2013 on November 30, 2013 detailing the WRAM and MCBA data for nine months, ending September 30, 2013. As compared to the information-only report, this filing includes an updated twelve months of WRAM and MCBA data, ending December 31, 2013, with a total net under-collected balance of \$728,076. With interest through March 31, 2014, the under-collection is \$728,252.

Park filed Advice Letter 222-W on April 5, 2011 seeking recovery of the combined WRAM and MCBA balance as of December 31, 2010. Advice Letter 222-W was approved by the Commission on May 5, 2011 implementing a 24-month surcharge. The total combined balance approved for recovery was \$2,042,448 and the total actual surcharge recovered was \$1,636,550, leaving a residual balance of \$405,906 through March 31, 2014.

Park filed Advice Letter 230-W on April 27, 2012 seeking recovery of the combined WRAM and MCBA balance as of December 31, 2011. Advice Letter 230-W was approved by the Commission on May 1, 2012 implementing an 18-month surcharge. The total combined balance approved for recovery was \$2,468,924 and the actual surcharge recovered was \$2,073,599, leaving a residual balance of \$395,325.

In addition to the net WRAM and MCBA balance for calendar year 2013 and the residual balance from the expired surcharges described above, Park proposes to include the under-amortized balance, as of March 31, 2014, from the active surcharge for the 2012 WRAM/MCBA. Because the actual sales were lower than the adopted sales assumed for the surcharge calculation, Park did not recover the regulatory account balances as intended and authorized by the Commission. Therefore, pursuant to the procedure authorized in D.12-04-048, (Section 3.7 Treatment for Under-Amortized Amounts) Park is requesting authority to include in this filing the under-amortized balance of the ongoing WRAM/MCBA of \$381,649 for the 2012 WRAM MCBA.

Park proposes to combine all the above balances for a total of \$1,911,131. Park is therefore requesting recovery of \$1,911,131 or 6.04% of its adopted 2014 revenue requirement. Park

proposes to recover the under-collection recorded in the WRAM and MCBA through an 18-month surcharge of \$0.265 per Ccf applicable to domestic service for schedules PR-1-R, residential metered service and PR-1-NR, non-residential metered service.

The Commission Staff has been provided with workpapers developing the balances in the WRAM and MCBA. The calculation of the surcharges is included in the workpapers.

Tier Designation

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

Requested Effective Date

Pursuant to General Rule 7.3.2 of General Order 96-B, Park requests this filing become effective on May 12, 2014.

Notice and Service

In accordance with General Order 96-B, General Rules 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on May 2, 2014 to competing and adjacent utilities and other utilities or interested parties having requested such notification.

In accordance with Resolution W-4664, notice is not required. Park will include notice of the rate change within the bill during the first billing period the increase is in effect.
