

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

June 23, 2015

Edward N. Jackson
Director, Revenue Requirements
Park Water Company
P.O. Box 7002
Downey, CA 90241

Dear Mr. Jackson,

The Commission has approved Park Water Company's Advice Letter No. 260-W, filed on May 22, 2015, to add Schedule 14.1 that was submitted in accordance with Resolution W-4976.

Enclosed are copies of the following revised tariff sheets for the utility's files:

<u>P.U.C. Sheet No.</u>	<u>Title of Sheet</u>
1233-W	Schedule No. 14.1, Water Shortage Contingency Plan, Page 1
1234-W	Schedule No. 14.1, Water Shortage Contingency Plan, Page 2

Advice Letter No. 260-W

May 22, 2015

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Park Water Company (U 314 W) ("Park") hereby transmits the following tariff sheets applicable to water service in its service territory:

Calif. P.U.C.			Canceling
Sheet No.	Title of Sheet		Sheet No.
1233-W	Water Shortage Contingency Plan, page 1	Schedule No. 14.1	Original
1234-W	Water Shortage Contingency Plan, page 2	Schedule No. 14.1	Original
1235-W	Water Shortage Contingency Plan, page 3	Schedule No. 14.1	Original
1236-W	Water Shortage Contingency Plan, page 4	Schedule No. 14.1	Original
1237-W	Water Shortage Contingency Plan, page 5	Schedule No. 14.1	Original
1238-W	Water Shortage Contingency Plan, page 6	Schedule No. 14.1	Original
1239-W	Table of Contents, page 1		1232-W

Request

Park requests Commission approval to add Schedule 14.1, which contains the Staged Mandatory Reductions, Mandatory Restrictions, and Drought Surcharges associated with its Water Shortage Contingency Plan. This filing is consistent with Resolution W-5034, adopted by the Commission on April 9, 2015, ordering compliance with the requirements of the State Water Resources Control Board. Additionally, with this advice letter Park requests Commission authorization to activate Stage 1 of the proposed Schedule 14.1.

Discussion

In Resolution W-5034, the Commission articulated the steps that its regulated water utilities should take to comply with the mandatory use restrictions and penalties for violations established by the State Water Resources Control Board. As required by that resolution, Park submits the attached proposed Schedule 14.1.

Public Meetings

As required by Section 350 *et seq.* of the California Water Code, Park will conduct public meetings at which consumers will have an opportunity to comment on Schedule No. 14 and its activation. Park will provide customer notice of this advice letter by a separate mailing.

PO Box 7002
9750 Washburn Road
Downey, CA 90241
T 562 923 0711
F 562 861 5902
parkwater.com

Park has attached a copy of the customer notice to this advice letter. Please see Attachment A.

Park will follow all guidelines including customer outreach and noticing guidelines specified in the Commission's Division of Water and Audit's Standard Practice U-40-W on Instructions for Water Conservation, Rationing, and Service Connection Moratoria which include customer outreach and noticing before the implementation of each rationing stage.

Tier Designation

Pursuant to Resolutions W-4976 and W-5034, Park submits this as a Tier 2 advice letter.

Requested Effective Date

Park is requesting that Schedule 14.1 go into effect on June 21, 2015 or when Division of Water and Audits approves the proposed Schedule 14.1 presented in this advice letter filing, after completion of the procedural process.

Notice and Service

In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be mailed or electronically transmitted on May 22, 2015 to competing and adjacent utilities and other utilities or interested parties having requested such notification. A list of those utilities and/or parties is attached. This advice letter does not seek to increase any rate or charge, so individual customer notice is not required.

Response or Protest

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. A protest shall provide citations or proofs where available to allow staff to properly consider the protest. The grounds for a protest are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;

- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A response or protest must be made in writing or by electronic mail and must be received by the Division of Water and Audits within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Division of Water and Audits, 3rd Floor
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, CA 94102
water_division@cpuc.ca.gov

On the same date, the response or protest is submitted to the Division of Water and Audits, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

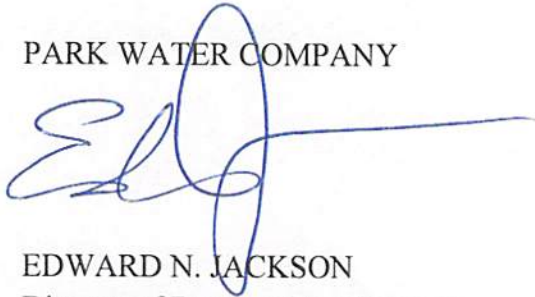

Edward N. Jackson
Director of Revenue Requirements
Park Water Company
9750 Washburn Road
P. O. Box 7002
Downey, CA 90241
Fax: (562) 861-5902
E-Mail: regulatoryaffairs@parkwater.com

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Division of Water and Audits, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

If you have not received a reply to your protest within 10 business days, contact this person at (562) 923-0711, ext. 1212.

Sincerely,

PARK WATER COMPANY

PARK WATER COMPANY SCHEDULE 14.1
WATER SHORTAGE CONTINGENCY PLAN
WITH STAGED MANDATORY REDUCTIONS, RESTRICTIONS AND DROUGHT SURCHARGES

Page 1 of 6 (N)

A. APPLICABILITY

This schedule applies to all water customers served under Tariff Schedules PR-1-R and PR-1-NR authorized by the California Public Utilities Commission (Commission) for the Park Water Company (Park) service areas. This schedule is only effective in times of mandatory conservation, as required by Rule No. 14.1, and only for the period noted in the Special Conditions section below. The drought emergency surcharges listed in this schedule are in addition to the regular water use charges under the current Schedules referenced above as authorized by the Commission.

To the extent that a stage of the water shortage contingency plan in Schedule No. 14.1 has been activated, and a provision of Rule No. 14.1 is inconsistent with the activated stage in Schedule No. 14.1, the provisions of Schedule No. 14.1 apply.

B. TERRITORY

This schedule is applicable to customers in portions of Artesia, Bellflower, Compton, Lynwood, Norwalk, and Santa Fe Springs and in Los Angeles County.

C. MANDATORY WATER USE REDUCTIONS, MANDATORY RESTRICTIONS, AND DROUGHT EMERGENCY SURCHARGES

In response to the Governor's Executive Order (B-29-15) the State Water Resources Control Board (Water Board) imposed restrictions to achieve a statewide 25% reduction in potable urban water usage through February 28, 2016. These restrictions are designed to strongly encourage those customers with high per capita usage to achieve proportionally greater reduction than those with low use. Water users will need to reduce usage as compared to the amount they used in 2013. The mandated water use reduction for Park's service area is 8%. Park customers reduced usage in 2014, but will need to achieve additional water conservation in 2015-16 to achieve the statewide goal.

The Water Board has established the following mandatory restrictions for all water users.
No customer shall use utility-supplied water for non-essential or unauthorized uses as defined below:

- a. The application of potable water to outdoor landscapes in a manner that causes runoff such that water flow onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures.
- b. The use of a hose that dispenses potable water to wash a motor vehicle, except where the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use.

(continued)

(N)

PARK WATER COMPANY SCHEDULE 14.1
WATER SHORTAGE CONTINGENCY PLAN
WITH STAGED MANDATORY REDUCTIONS, RESTRICTIONS AND DROUGHT SURCHARGES
(continued)

Page 2 of 6 (N)

**C. MANDATORY WATER USE REDUCTIONS, MANDATORY RESTRICTIONS, AND
DROUGHT EMERGENCY SURCHARGES (continued)**

- c. The use of potable water for washing buildings, structures, sidewalks, walkways, patios, tennis courts, or other hard-surfaced, non-porous areas.
- d. The use of potable water in a fountain or other decorative water feature, except where the water is part of a recirculating system.
- e. The use of potable water for watering outside plants, lawn, landscape, and turf area during certain hours prohibited by applicable laws, during and up to 48 hours after measurable rainfall (0.1" or more).
- f. Park will promptly notify customers when aware of leaks within the customer's control. The failure to promptly repair any leaks, breaks, or other malfunction resulting in water waste in a customer's domestic or outdoor water system after notification by Park, unless other, specific arrangements are made with and agreed to by Park.
- g. The serving of water, other than upon request, in eating and drinking establishments, including but not limited to restaurants, hotels, cafes, bars, or other public places where food or drink are served and/or purchased.
- h. Hotels/motels must provide guests with the option of choosing not to have towels and linens laundered daily and prominently display notice of this option in each guestroom.
- i. The use of potable water for irrigation of ornamental turf on public street medians.
- j. The use of potable water for irrigation outside of newly constructed homes and buildings that is not delivered by drip or micro spray systems.
- k. Commercial, industrial, and institutional properties, such as campuses, golf courses, and cemeteries, immediately implement water efficiency measures to reduce potable water use in an amount consistent with the mandated reduction.
- l. Further reduction in or the complete prohibition of any other use of water declared non-essential, unauthorized, prohibited, or unlawful by an authorized government or regulatory agency or official.
- m. Use of potable water for watering streets with trucks, or other vehicles, except for initial wash-down for construction purposes (if street sweeping is not feasible), or to protect the health and safety of the public.

The following stages will be implemented as needed to achieve the annual mandated reduction. The utility may implement Stage 2 and the associated Drought Emergency Surcharge without first implementing Stage 1 if warranted by the mandated reduction.

(continued)

(N)

PARK WATER COMPANY SCHEDULE 14.1
WATER SHORTAGE CONTINGENCY PLAN
WITH STAGED MANDATORY REDUCTIONS, RESTRICTIONS AND DROUGHT SURCHARGES
(continued)

Page 3 of 6 (N)

Stage 1

1. Outdoor irrigation is restricted to no more than three days per week:

Addresses Ending In:	Watering Days
Even Numbers (0, 2, 4, 6, 8)	Monday, Wednesday, and Saturday
Odd Numbers (1, 3, 5, 7, 9)	Tuesday, Thursday, and Sunday

2. Watering or outdoor irrigation of outside plants, lawn, landscape, and turf areas with potable water using a landscape irrigation system or a watering device that is not continuously attended is limited to no more than 10 minutes of watering per day per station, with no watering between 8:00 a.m. and 7:00 p.m. This provision does not apply to landscape irrigation zones that exclusively use drip-type irrigation systems that use less than 1.0 inch per hour. This provision also does not apply to watering or irrigating by use of a hand-held bucket or similar container, a hand-held hose equipped with a positive action shut-off nozzle or device that causes it to cease dispensing water immediately when not in use, or for the express purpose of adjusting or repairing an irrigation system. However, no irrigation that results in runoff can occur regardless of method.
3. Apart from the above outdoor irrigation restrictions, when a city, county, or other local public agency in Park's service area adopts restrictions on the number of days or hours of the day that customers may irrigation that are different than those adopted by Park, Park may adopt the city, county, or other local public agency's restrictions.
4. All leaks, breaks, or other malfunctions in the customer's plumbing fixtures and/or irrigation system must be repaired within five (5) business days of written notification by Park, unless other arrangements are made with Park.
5. Failure to comply with these restrictions may result in the installation of a flow restrictor device along with associated fees for installation and removal.
6. Failure to comply with these restrictions may result in the installation of a real time measurement device on the customer's service line to provide the customer and Park with access to information from the device. The cost of the device, including installation, shall be billed to the customer, and nonpayment may result in discontinuance of service.
7. If conditions warrant, Park will change the number of watering days and the specific day of watering after first notifying its customers in accordance with Rule No. 14.1.
8. If conditions warrant, Park will change the number of days allowed for a customer to fix leaks, breaks or other malfunctions after first notifying its customers in accordance with Rule No. 14.1.

(N)

PARK WATER COMPANY SCHEDULE 14.1
WATER SHORTAGE CONTINGENCY PLAN
WITH STAGED MANDATORY REDUCTIONS, RESTRICTIONS AND DROUGHT SURCHARGES
(continued)

Page 4 of 6 (N)

Stage 2

Will be implemented if the Stage 1 restrictions are deemed insufficient to achieve reductions due to water supply shortages or to achieve identified water usage goals established by an authorized government agency or official.

In addition to the restrictions identified in Stage 1, the following restrictions, allocations, and drought emergency surcharges are in effect:

1. Outdoor irrigation is restricted to no more than two (2) days per week. Watering or outdoor irrigation of outside plants, lawn, landscape, and turf areas with potable water using a landscape irrigation system or a watering device that is not continuously attended is limited to no more than ten (10) minutes of watering per day per station.
2. All leaks, breaks, or other malfunctions in the customer's plumbing fixtures and/or irrigation system must be repaired within three (3) business days of written notification by Park, unless other arrangements are made with Park.
3. The use of potable water to refill residential swimming pools or outdoor spas more than one foot or initial filling with potable water except when existing pools are drained to repair leaks.
4. All customers will have their baseline established by using the system wide average use for 2013.
5. The customer's allocation will be based on the 2013 baseline less 8%.
6. Residential customer's allocation will be set at nine (9) Ccf per month for the months of November, December, January, February, March, April, and May. For the months of June, July, August, September, and October the allocation will be set at twelve (12) Ccf per month.
7. All usage in excess of residential customer's allocation will be charged at the regular Schedule No. PR-1-R rate plus a drought emergency surcharge rate that is calculated from the Tier 1 quantity rate multiplied by a factor of 0.5.
8. All usage for non-residential customers served under Tariff Schedule No. PR-1-NR will be charged at the regular Schedule No. PR-1-NR quantity rate plus a drought emergency surcharge rate that is calculated as the quantity rate multiplied by a factor of 0.10.
9. If feasible, customer's allocation may be based on a customer's consumption during a historical base period and will include a percentage reduction designed to meet necessary water use reductions. In addition to the normal rate paid for the unit of water, a drought surcharge will be charged to a customer for each unit of water used over the established allocation for the billing period.

PARK WATER COMPANY SCHEDULE 14.1
WATER SHORTAGE CONTINGENCY PLAN
WITH STAGED MANDATORY REDUCTIONS, RESTRICTIONS AND DROUGHT SURCHARGES
(continued)

Page 5 of 6 (N)

Stage 3

Will be implemented if the Stage 2 allocations and drought emergency surcharges are deemed insufficient to achieve reductions due to water supply shortages or to achieve identified water usage goals established by an authorized government agency or official.

In addition to the restrictions identified in Stage 2, the following restrictions and drought emergency surcharges are in effect:

1. Outdoor irrigation is restricted to no more than two (2) days per week. Watering or outdoor irrigation of outside plants, lawn, landscape, and turf areas with potable water using a landscape irrigation system or a watering device that is not continuously attended is limited to no more than five (5) minutes of watering per day per station.
2. All leaks, breaks, or other malfunctions in the customer's plumbing fixtures and/or irrigation system must be repaired within two (2) business days of written notification by Park, unless other arrangements are made with Park.
3. All usage in excess of residential customer's allocation will be charged at the regular Schedule No. PR-1-R rate plus a drought emergency surcharge rate that is calculated as the Tier 1 quantity rate multiplied by a factor of 1.0.
4. All usage for non-residential customers served under Tariff Schedule No. PR-1-NR will be charged at the regular Schedule No. PR-1-NR quantity rate plus a drought emergency surcharge rate that is calculated as the quantity rate multiplied by a factor of 0.20.

Stage 4

Will be implemented if the Stage 3 allocations and drought emergency surcharges are deemed insufficient to achieve reductions due to water supply shortages or to achieve identified water usage goals established by an authorized government agency or official.

In addition to the restrictions identified in Stage 3, the following restrictions and drought emergency surcharges are in effect:

1. Outdoor irrigation is restricted to no more than one (1) day per week. Watering or outdoor irrigation of outside plants, lawn, landscape, and turf areas with potable water using a landscape irrigation system or a watering device that is not continuously attended is limited to no more than five (5) minutes of watering per day per station.
2. All usage in excess of residential customer's allocation will be charged at the regular Schedule No. PR-1-R rate plus a drought emergency surcharge rate that is calculated as the Tier 1 quantity rate multiplied by a factor of 1.5.
3. All usage for non-residential customers served under Tariff Schedule No. PR-1-NR will be charged at the regular Schedule No. PR-1-NR quantity rate plus a drought emergency surcharge rate that is calculated as the quantity rate multiplied by a factor of 0.30.

SLIP/SUB SHEET

D. FLOW RESTRICTOR REMOVAL CHARGE

The charge for installation and removal of a flow-restricting device shall be:
\$73 during normal business hours, and \$370 during outside normal business hours.

The flow restrictor will remain installed for a minimum of 7 days.

E. EXEMPTION AND APPEALS PROCESS

Any customer who seeks a variance from any of the provisions of this Water Shortage Contingency plan shall notify the utility in writing using the appeals form, explaining in detail the reason for such a variation. The utility shall respond to each such request in writing.

The appeals form is available online at Park website, www.parkwater.com, the Park office located at 9750 Washburn Road, Downey, 90241 or by calling 1-800-727-5987.

Except as set forth in this section, no person shall have any right or claim in law or in equity against Park, or any of its employees, or the Commission because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this Schedule No. 14.1.

F. SPECIAL CONDITIONS

1. The active stage of Schedule No. 14.1 is to remain in effect until a Tier 2 advice letter is filed with the Commission to activate a different Stage or when Schedule No. 14.1 is deactivated.
2. Drought Emergency Surcharges must be separately identified on each bill.
3. All bills are subject to reimbursement fee set forth on Schedule No. UF.
4. All monies collected by Park through Drought Emergency Surcharges shall not be accounted for as income, but shall be accumulated in the Water Revenue Adjustment Mechanism (WRAM) Balancing Account and used to offset under-collected revenues.
5. All expenses incurred by Park to implement Rule No. 14.1, and Schedule No. 14.1, and requirements of the Water Board that have not been considered in a General Rate Case or other proceeding shall be accumulated by Park in a separate memorandum account, authorized in Resolution No. W-4976, for disposition as directed or authorized from time to time by the Commission.
