Advice Letter No. 268-W

March 31, 2016

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Liberty Utilities (Park Water) Corp. (U 314 W) ("Liberty Park Water") f/k/a Park Water Company ("Park") hereby transmits the following revised tariff sheets applicable to water service in its service territory:

Summary

This advice letter filing requests authorization to implement a temporary surcharge to the water rates in Liberty Park Water's Service Area. Liberty Park Water is seeking a temporary surcharge of \$0.451 per Ccf for domestic metered customers for an 18-month period. The surcharge is designed to recover the combined under-collection recorded in the 2015 Water Revenue Adjustment Mechanism (WRAM) and the Modified Production Cost Balancing Account (MCBA). This request is made pursuant to the Commission's direction in Decision 08-02-036, dated February 28, 2008 and Decision 12-04-048, dated April 19, 2012.

Background and Discussion

In D.08-02-036 the Commission adopted the Settlement Agreement between Park and the Division of Ratepayer Advocates (DRA) on WRAM and Conservation Rate Design Issues dated June 15, 2007. D.08-02-036 adopted a Trial Program for Park consisting of a conservation rate design and related mechanisms for decoupling sales and revenue (WRAM and MCBA). The Trial Program was implemented on September 15, 2008 with Commission approval of Park Advice Letter No. 200-W. In D.12-04-048 the Commission modified D.08-02-026 by authorizing an 18-month amortization schedule for the net balance recorded in the WRAM and MCBA.

The purpose of the WRAM is to track the difference between adopted and actual commodity rate revenue excluding revenue for fire service, reclaimed water, and miscellaneous fees. The purpose of the MCBA is to track the difference between adopted and actual costs for the

following variable costs: purchased water, purchased power, and pump tax. The MCBA captures variations in production costs due to either changes in unit price or changes in consumption.

The combined balance recorded in the WRAM and MCBA for the period January 1, 2015 through December 31, 2015 including interest through February 29, 2016, is an under-collection of \$3,157,229.

Liberty Park Water filed an information-only report with the Division of Water and Audits for the amounts recorded in the WRAM and MCBA during calendar year 2015 on November 30, 2015 detailing the WRAM and MCBA data for nine months, ending September 30, 2015. As compared to the information-only report, this filing includes an updated twelve months of WRAM and MCBA data, ending December 31, 2015, with a total net under-collected balance of \$3,154,757. With interest through February 29, 2016, the under-collection is \$3,157,229.

Liberty Park Water is therefore requesting recovery of \$3,157,229 or 8.93% of its adopted 2016 revenue requirements. Liberty Park Water proposes to recover the under-collection recorded in the WRAM and MCBA through an 18-month surcharge of \$0.451 per Ccf applicable to domestic service for schedules PR-1-R, residential metered service and PR-1-NR, non-residential metered service.

The Commission Staff has been provided with workpapers developing the balances in the WRAM and MCBA. The calculation of the surcharges is included in the workpapers.

Tier Designation

Pursuant to D.07-01-024, this advice letter is submitted with a Tier 1 designation.

Requested Effective Date

In accordance with Resolution W-4664, notice is not required. Liberty Park Water will include notice of the rate change within the bill during the first billing period the increase is in effect.

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the
