NON-METERED FIRE SPRINKLER SERVICE

4. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, are installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water, and the cost paid by the applicant. Such payment shall not be subject to refund.

5. The utility undertakes to supply only such water at such pressure as may be available at any time through the normal operation of its system.

6. Any unauthorized use of water, other than for fire extinguishing purposes, shall be charged for at the regular established rate as set forth under Schedule No. PR-1-NR, Nonresidential Metered Service including Special Condition No. 21, and/or may be the grounds for the immediate disconnection of the sprinkler service without liability to the Company.

7. The utility reserves the right to limit the installation of private fire hydrant service to such areas where public fire hydrant does not exist or where public fire hydrant service is limited in scope to the detriment of the applicant.

8. A late charge will be imposed per Schedule No. LC.
