

**Rule No. 3**  
**APPLICATION FOR SERVICE**

A. Application for Service. Each Applicant for electric service may be required to sign an application on a form provided by Utility and, upon request, will be required to furnish the following information:

1. Name of Applicant.
2. Date and place of application.
3. Location of premises to be served.
4. Date Applicant will be ready for service.
5. Whether the premises have been heretofore supplied.
6. Purpose for which service is to be used.
7. Customer's mailing address.
8. Whether Applicant is owner or tenant of, or agent for, the premises.
9. Rate schedule desired if optional rate is available.
10. Information to establish credit of Applicant.
11. Such other information as Utility may reasonably require.

The application is a request for service and does not in itself bind Utility to serve except under reasonable conditions, nor does it bind Customer to take service for a longer period than the minimum requirements of the rate. The Utility may disconnect or refuse to provide service to the Applicant if the acts of the Applicant or the conditions upon his/her premises indicate that false, incomplete, or inaccurate information was provided to the Utility. The Utility shall provide the Applicant the reason for such refusal.

B. Individual Liability for Joint Service. Two or more persons who join in one application or contract for service shall be jointly and severally liable thereunder and shall be billed by means of a single periodic bill mailed to the person designated on the application to receive the bill.

C. Change in Customer's Equipment or Operations. Customers shall give Utility written notice of the extent and nature of any material change in the size, character, or extent of the utilizing equipment or operations for which Utility is supplying electric service before making any such change.

D. Connection of Service.

1. Utility will endeavor to connect electric service as soon as possible after an application for service has been received; however, it will not be required to connect a service on the day the application is received if the connection cannot be scheduled during regular working hours for that day. At Customer's request, such connection may be made during a period other than regular working hours.
2. The charges for connection of service and for change of account are set forth in Schedule No. SE.
