The Great Basin Geographic Area Coordination Center (GBCC) is the focal point for coordinating the mobilization of resources for wildland fire and other incidents throughout the Geographic Area. Located in Salt Lake City, UT, the Center also provides Intelligence and Predictive Services related products for use by the wildland fire community for purposes of wildland fire and incident management decision-making.

Utah Fire In... @UtahWildf... · Nov 12, 2025 [X](#)

🔥 Pile burning tomorrow (Nov 13) on the south end of Cache Valley, mainly near the Scare Canyon community.

Up to 200 acres will be treated as part of a fuels reduction & aspen restoration project to improve forest health & reduce wildfire risk. 🌲

🔥
