Testing for Lead

At Apple Valley Schools

Liberty Utilities Apple Valley launched a free testing program in 2017 to help ensure the drinking water at Apple Valley schools meets federal standards for lead.

HOLIDAY FOOD BASKETS

- On Monday, Nov. 13, Liberty Utilities Apple Valley partnered with Desert Communities United Way to distribute holiday food baskets to local families with limited resources. The food baskets contained all the essentials for a Thanksgiving dinner—turkey gift certificates, stuffing, dessert and so much more. We hope this year's food basket recipients have a Thanksgiving to remember.

"We are proud to be a trusted community partner in Apple Valley, investing in the community and ensuring our customers receive exceptional water service now and for generations to come."

Tony Penna
Vice President and General Manager
